RESPONSE TO NOTICE OF NON-COMPLIANT AMENDMENT

The Notice of Non-Compliant Amendment dated April 13, 2009 stated that an argument for the newly added claims was not presented in the amendment. Applicant disagrees with this assertion, because the response on page 19 indicated that the all of the dependent claims (including the new claims) are believed to be patentably distinct by virtue their dependencies on their corresponding independent claims. Nevertheless, Applicant has amended the response below to further address the Examiner's concerns. Accordingly, this response and the previous response are believed to be compliant with 37 C.F.R. § 1.111.
